Bruce Holds First Annual W.A. Convention

The first annual convention of the Wainwright Presbytery Women's Association was held in the Bruce United Church on April 6 with representatives from Tofield, Ryley, Holden, Bruce, Viking and Irma. The Lakeshore, Grace Guild and Melbra delegates were unable to attend.

The ladies gathered at noon in the church kitchen for a pot luck dinner and a get-acquainted hour. The convention opened with the W.A. theme song. Mrs. Martin Eger of Irma presided over the meeting.

The address of welcome was given by Mrs. J. W. Stambaugh of Bruce, to which Mrs. W. Symington of Irma replied.

Mrs. J. C. McLean of Irma led the Devotional.

The minutes of the Fall Rally held at Irma were read by the secretary Mrs. C. Smallwood of Irma, followed by the treasurer's report by Mrs. C. A. Nolan of Bruce.

A duet was rendered by Mrs. W. Dorin and Mrs. K. Stambaugh.

The delegates from each point gave their reports on the activities of their association.

Mrs. Hay of Ryley brought greetings from the Wainwright WMS Presbytery, followed by the president's report by Mrs. M. Enger.

Several musical numbers followed including a song by the young Explorer group.

The guest speaker for the day was Mrs. G. Villett of Edmonton who gave a very interesting and inspiring address.

A short business meeting followed and it was decided to have a Fall Rally at Tofield in September.

The Alberta Conference is to be held in Red Deer on April 26 and 27 with delegates to attend from each organization.

The first Sunday in June was set aside as W.A. Sunday.

The meeting closed with the W.A. Prayer.

Those attending from Irma were those mentioned and Mrs. H. L. Black as delegate from Irma W.A. Sr.

Notice

The Irma Calf Club will meet in the Irma school on Saturday, April 14 at 2:30 p.m.

All interested are reminded of the auction sale at the Gordon Fenton farm 5 miles east of Irma on Wednesday, April 18.

ST. MARY'S CHURCH NOTES
Service of Evensong will be held in St. Mary's Church on Sunday, April 15 at 2:30 p.m.

April Showers . . .

Miss Dickie Rohrer, a bride of this week, was guest of honor at two showers held here recently.

Shower No. 1 took place at the home of Mrs. D. H. Gunn on Tuesday, April 3 with 15 young girls present. A contest or two were enjoyed and then Dickie was called upon to search for her gifts. The clues to the various hiding places were in the form of riddles and each riddle was enclosed in a balloon which had to be broken and the riddle solved before the gift could be obtained. When all the presents had been found a delicious lunch was served by the hostesses Mrs. D. H. Gunn, Charlotte Milne and Doreen Sinnerman.

The second shower in Dickie's honor took place in Hedley's hall on April 7. A large crowd of friends were gathered and a jolly evening was spent. Although the hall was decorated with flowers and the traditional white and pink streamers and wedding bells, Dickie's first love her saddle pony, was not forgotten. First it was impersonated by Mrs. Angquist and Mrs. Milne who with a sheet and a paper horse head made a very spirited steed which capered about to the tune of "Horses" as played on the piano by Mrs. H. L. Black.

Following a contest conducted by Mrs. Symington, "Bonnie" appeared once more—this time as an ingeniously constructed steed on wheels which pulled a large decorated wagon piled high with lovely gifts for the bride. When these had all been opened and admired, Dickie expressed her thanks to everyone present.

A lovely lunch brought this happy occasion to a close. Hostesses were Mrs. Black, Mrs. Hurst, Mrs. Symington, Mrs. Angquist, Mrs. Milne, Mrs. Brown, Mrs. McLoughlin and Mrs. Hubman.

OFF TO PARIS to take greetings from the Canadian Weekly paper. Assisted in its quest, Long Sands of Mission. Mr. Sands flew on Trans-Canada Air Lines pre-inaugural flight to Paris which preceded the regular TCA service between Montreal and Paris opening April 1st. The first regular flight landed in Paris on the City's 200th anniversary. (TCA PHOTO.)

Wild Animal Show Coming to Irma April 14

Ken Hill is bringing his wild animal show to Irma on Saturday, April 14, and there will be a continuous show in Kiefer's Hall from 4 p.m. to 10 p.m. He has three African lions, two of which came from Barry Park, Wales. Other animals are a Siberian Wolf from the Yukon, the only one in captivity, several monkeys, a racoon, badgers, and samples of rats now about to invade our province.

Mr. Hill will wrestle with the lions, and from all accounts the show will be educational as well as interesting to young and old.

Easterly Echoes

Mrs. Harold Morse has returned from a visit with her parents, Mr. and Mrs. T. Sanders at Bradner. She reports our former friends as busy and enjoying life.

Little Barbara Fenton, five year old daughter of Mr. and Mrs. Stuart Fenton, accidentally fell down the cellar stairs at the home of Mr. and Mrs. E. Plaxton and struck her head. After being unconscious for over three hours she rushed to rally in the Wainwright hospital where she was rushed. At time of writing she was showing improvement but will be in hospital for about three weeks.

Born to Mr. and Mrs. Fred Younker at the Wainwright hospital, a son.

Born to Mr. and Mrs. Ted Thurston, a daughter on Saturday, April 7.

The Battle River W.L. will be serving lunch at Gordon Fenton's sale on April 18.

Glen-Coa Gleanings

Mr. D. L. Kneis is walking about with a pretty sore left hand this week. He had the misfortune to cut his fore-finger with the axe, necessitating a trip to see the doctor. He has also been visiting in Viking this week.

Walter Lovig had an operation for tonsils on Wednesday.

Our woolen news also includes another mumps victim. Soon after returning to Camrose College after the Easter holidays Norma Likness found this to be the case.

What a drab time folks are putting in these days of bad roads! Many are still unable to get out with cars.

Notice

A Board of Trade meeting will be held in Hedley's Hall on April 17.

MUNICIPAL DISTRICT OF WAINWRIGHT NO. 61 Notice to Ratepayers and Lessees

On the advice and recommendation of the Wainwright Agricultural Service Board, Bylaw No. 296 being a Bylaw for the purpose of Prohibiting the Burning of Stubble reads in part:

"Be it enacted that no person or persons shall wilfully burn stubble on any lands within the Boundaries of the Municipal District of Wainwright No. 61 at any time unless a Fire Permit under the authority of the Forests Act being Chapter 43 of the Statutes of Alberta, 1949, and amendments, is issued."

Four reasons are put forward by the Board why the Bylaw was enacted.

1. Fertilizer value from stubble of a thirty bushel crop is equal to \$2.40 per acre.
2. Incorporation of Stubble Into Top Soil prevents wind and water erosion.
3. Fire can easily get out of hand from stubble to grass lands.
4. Loss of trees from natural bluffs from fire running through them is great.

Fire permits will only be issued to farmers upon investigation by the personnel of the Service Board and only then after trial has shown that stubble cannot be handled with farm implements.

Your close co-operation will be greatly appreciated.

MIC-237c CHAS. WILBRAHAM, Sec-Treas.

Irma Curling Club Holds Social Evening

The Irma Curling Club wound up another successful season on Tuesday last with a social evening in Kiefer's Hall.

More than a hundred, curling addicts attended this gathering. There were 22 tables at whist during the early part of the evening. Lunch was served and the president, Mr. Sandilwood, presented the prizes. Short but brilliant speeches were made by the various skips. The remainder of the evening was spent in dancing.

Southern Sayings

Mrs. M. Jackson and Mrs. M. Reber were Edmonton visitors last week. Mrs. Jackson attending a meeting and Mrs. Reber visited her daughter who has been sick in the hospital.

Mr. Norris Tomlinson has returned home after attending Agriculture school at Vermilion for the winter.

Mr. Jimmie Owen and Mr. Larry Funk were city visitors last week.

Born to Mr. and Mrs. Jack Taylor at the Wainwright hospital on April 11, a daughter.

Northern Nuggets

Mrs. Gordon Ramsay underwent an operation in Mannville hospital last Monday.

The April W.L. meeting will be held in Albert School on Saturday, April 21. The hostesses are Mrs. E. J. Jones, Mrs. Vernon Bjork and Mrs. Archie Fleming. The roll call is "Things I Like to do and Things I Don't Like to do."

Mrs. G. Coulman is visiting her daughter and son-in-law Mr. and Mrs. Clifford Emmott of Mannville.

Mr. Harley Bars and Miss Marney Kennedy were Edmonton visitors last week.

A number of the local curlers and their "better halves" attended the social evening sponsored by the curling club last Tuesday night.

Wedding Bells

WRIGHT — ARKINSTALL

The marriage is announced of Alice Adeline Wright, daughter of Mr. and Mrs. C. J. Wright of New Westminster, B.C., to Mr. Bruce Finley Arkininstall, son of Mr. and Mrs. C. F. Arkininstall of Kinsella, Alberta. The wedding took place on March 31 at McDougall United Church, Edmonton. The Rev. Wesley Bainbridge officiated. The young couple will make their home in Kinsella.

Wedding Bells

BUZDZINSKI — FIRKUS

An early spring wedding was solemnized at the Blessed Sacrament Church at Wainwright when Joyce Caroline Firkus, became the bride of Mr. Walter Budzinski. The bride is the daughter of Mr. Ambrose Firkus, and the late Mrs. Alice May Firkus. The groom is the son of Mr. M. Budzinski and the late Mrs. M. Budzinski.

Rev. Father J. Egan performed the marriage in a setting of lilies and spring flowers and music by the choir. Given in marriage by her father, the bride entered the church to the strains of the wedding march played by Sister Bernadette. The bride wore a floor length white nylon tulle gown with a net over skirt, with fitted bodice and lily point sleeves. A pearl coronet held her beautiful floor length veil in place. She carried a bouquet of lilies and stephanotis. Her only jewelry was a double strand of pearls, gift of the groom. Her bridesmaids were Miss Verla Lind, who chose a yellow floor length gown and carried mauve carnations, and Miss Phyllis Bovenkamp in a mauve floor length gown, carried yellow carnations and each wore a silver locket, gifts of the groom.

Mr. Mike Budzinski and Mr. Keith Firkus attended the groom. The ushers were Mr. Albert Firkus and Mr. Marshall Burns. During the signing of the register the choir sang.

For the wedding, Mrs. A. Firkus chose a blue lace gown with matching hat and accessories and a corsage of white gardenias and pink carnations. Mrs. G. Ellis and Mrs. J. D. Mannen, aunts of the bride, assisted at the buffet luncheon for 80 guests, served at the home of the bride's parents.

The table laid with a handmade lace cloth, was decorated with a tiered wedding cake and spring flowers.

The toast to the bride was proposed by Mr. Arnold Christenson.

Leaving later after the wedding dance, for a motor to her grandparents, Mr. and Mrs. Albert Firkus, of Stevens Point, Wisconsin, the bride wore a beige suit with brown topcoat and accessories. On their return they will make their home in Edmonton.

Out of town guests were Mrs. G. Ellis, Calgary; Mrs. J. D. Mannen, Squamish, B.C.; Mr. and Mrs. V. Budzinski and boys, Wildwood; Mr. and Mrs. B. Budzinski and Douglas, Edmonton; Mr. and Mrs. Ole Christenson, Sedgewick; Mr. and Mrs. Arnold Christenson, Fabry; Mr. and Mrs. N. Rawluk, Miss Bernice Steckley, Mr. Ross Rule, Mr. Jesse Willard, Mr. Gordon Welsh, Mrs. T. Kerr and Gary, all of Edmonton.

THERE'S MONEY FOR FERTILIZER at the B of M

The purchase of fertilizer is sometimes a headache. Because the need for it is usually comes at a time when there are a lot of expenses and little income.

Avoid that headache this year. See your B of M manager about a loan. Repayment terms are easy—suited to a farmer's requirements. Drop in at your nearest B of M branch today, or as soon as convenient.

Municipal District of Wainwright No. 61
Wainwright Agricultural Service Board

NOTICE

The Wainwright Agricultural Service Board wish to bring to the attention of all persons farming in this District as to Section 25 of the Noxious Weeds Act being Chapter 83 of the Revised Statutes of Alberta reference to transporting of screenings. Sub-section 6 reads as follows:—

"No screenings shall be moved except in containers which shall conform as to material and manner of construction to the specifications from time to time prescribed by the Field Crops Commission either generally or in any particular case."

Please use all possible care if and when hauling screenings so that Noxious Weeds are not scattered over the Municipal area.

6-27c CHAS. WILBRAHAM, Secretary-Treasurer.

The United Nations

TWO PROMINENT CANADIANS have recently drawn attention to the fact that the public is not generally aware of the work which is being carried on by the various organizations of the United Nations. Dr. Brock Chisholm, Director General of the World Health Organization, and Mrs. Adelaide Sinclair, Chairman of the United Nations International Children's Emergency Fund, have both expressed this opinion in public addresses in Canada in recent weeks. It is true that in the minds of most people the work of the United Nations is associated mainly with its activities in regard to the political relations of the member nations and in dealing with international differences which arise.

Work Meeting With Success

We are reminded however, that the Food and Agriculture Organization, the Educational, Scientific and Cultural Organization, the World Health Organization and others are engaged in carrying out the programme of services planned when the United Nations was formed. Dr. Chisholm stated that the public might be encouraged to know the success with which some of this work is being accomplished and the extent to which the member nations have been able to reach agreement on many points. While the political relations between countries are important, and undoubtedly much of the hope for world peace rests upon reaching agreement in these matters, we are reminded that the raising of standards of health, education and living generally is also considered necessary if we are to stamp out war.

Are Working For Peace

As long as there are underprivileged people, lacking proper food, medical care, education and economic security there will be political unrest and danger of war. The various organizations of the United Nations are fighting these conditions in many parts of the world, and in doing so they are not only contributing to the welfare of humanity but are attempting to eliminate the underlying causes of unrest. In considering the work of the United Nations, this part of its activities should not be forgotten, and we should be encouraged by what is being done to conquer ignorance, poverty and disease in many parts of the world through the efforts of this world organization.

GARDEN NOTES

Sow Vegetable Seeds So Harvest May Be Spread Over Many Weeks

Spread Them Out

The season may be short in most parts of Canada but this does not prevent a succession of vegetables. The trick is to make several sowings of such things as beets, beans, lettuce, radish, carrots, etc. It's a good plan to sow about a third of the seed a week or so earlier than usual, then follow with a third about the normal time, then a fortnight or so later plant the rest. This will spread the harvest out over many weeks. A still greater spread can be obtained by using early, medium and late varieties.

Tools

One can do a lot of gardening with just a rake, a spade and a hoe. With a little more equipment, however, much labor can be saved. Digging forks, cultivators, special weeding tools, etc., will make the work easier and more interesting. They are designed for special jobs. No matter how few or how many tools are selected it is important to keep their edges sharp. An old file is excellent for this. Sharp tools will save many a back-ache and blisters.

For larger gardens a small garden tractor that will cultivate, plow, cut the grass and do other jobs might well be considered. These are now coming on the market freely. They are not expensive and are very cheaply operated. A quart of gas will keep them hustling for several hours. A wide selection is also available.

A Cutting Garden

Often a corner of the vegetable garden or some place at the back of the lawn is set aside to grow flowers especially for indoor bouquets. Sometimes when a large supply of blooms are wanted for this purpose it leaves

the regular borders a bit shy. Any of these flowers suitable for cutting purposes will thrive on the same sort of cultivation, etc., that the vegetables get. Certain flowers, indeed, like gladiolus, sweet peas and others of which the foliage is not very attractive are best grown under these conditions.

Survey Shows Increase In Prairie Chickens

YORKTON, Sask. — Based on a two-day survey of game bird and animal population, indications are that prairie-chickens are increasing in number in the district east and south of Yorkton, Harold Deighton, local game guardian, reported.

Mr. Deighton said that he and another member of the game branch had toured the area around Saulteaux and Rokeby by bombardier and during the two days counted 194 sharp-tailed grouse along country roads. He said that at this time of year the birds favor the main highways where they can obtain gravel. "It seems to me the chicken population is just about at a peak right now," he added.

WANT EASTER LATER

LONDON.—The house of commons have begun a campaign to have Easter pinned down between April 9 and 15, instead of fluctuating between March 22 and April 25.

A type of New Zealand parrot is accused of tearing out the kidneys of live sheep.

A POOR SUBSTITUTE FOR REAL THING?—Two members of the R.C.A.F.'s 428 Thunderbolt Squadron participating in the Korean airlift, operating outside Tokyo, are seen watching the preparation of a popular Japanese dish, Sukiyaki, in one of Tokyo's largest restaurants. Sergeant Norman Dixon, (seated), of Montreal, appears to relish the thought of sampling the tasty dish, while Corporal Ray Rasmussen of Exeter, Ont., is probably thinking that there's "no cooking as good as home cooking." Both men are ex-pilots of last war.—Central Press Canadian.

Grenfell Pilot First To Fly Jetplane Across Atlantic

OTTAWA. — The first Canadian pilot to fly the Atlantic in a jetplane, Squadron Leader Cal Bricker, D.F.C., of Grenfell, Sask., is back in Canada, discussing jet-fighter operations with R.C.A.F. officials at Air Force Headquarters, Ottawa. The 29-year-old squadron leader is on exchange duties with the U.S. Air Force with whom he flew the Atlantic last July in an American Thunderbolt.

Born in Regina, S/L Bricker entered the R.C.A.F. in January, 1940, won his pilot wings, and after serving as a flying instructor in Canada, went overseas in March, 1943. He flew a tour of operations over the continent on Spitfires with 430 and 443 squadrons, winning the D.F.C. After the war, he remained in Germany on occupation duties for a year, returning to Canada in 1946 to be attached to the Canadian Army at Rivers, Man. There he served as an assistant chief ground instructor until selected as an exchange officer and sent to the U.S. in January, 1950. His parents, Dr. and Mrs. C. D. Bricker live in Grenfell, Sask.

Funny and Otherwise

Judge: "Young man, when you stole that money, didn't you think of your future?"
Crook: "I certainly did, your honor. I took it straight to the bank!"

Two ants were running along a cracker box when one of them said: "Why are we running so fast?"

The other answered: "We have to—its says right here, 'Fear along the dotted line.'"

The stingy farmer was scoring the hired man for carrying a lighted lantern to call on his best girl. "The idea!" he exclaimed. "When I was courtin', I never carried no lantern; I went in the dark."
"Yes," said the hired man, sadly, "and look what you got."

The mink in the closet is sometimes responsible for the wolf at the door.

"Why did you put me in the same room with that fellow?" asked the indignant patient.
"The hospital is crowded," the doctor explained. "Has he been troublesome?"

"Troublesome? He's crazy! Keeps looking around, and saying, 'No lions, no tigers, no elephants! And all the time the room's full of them.'"

Father: "And there, my son, you have the story of your dad in the great World War II."

Son: "Yes, daddy, but why did they need all of those other soldiers?"

PEGGY

DON'T YOU THINK A FIRE IN THE HEARTH WOULD FEEL COZY TONIGHT, HENRY?

BUT UH...YES, GUESS IT WOULD AT THAT...

OH, HENRY...

YES?

WELL YOU'RE OUTSIDE GETTING THE LOGS...

...WOULD YOU PUT THE CAR AWAY?

AND, DADDY, ON YOUR WAY BACK THROUGH THE KITCHEN, BRING ME A GLASS OF MILK!

HONESTLY, THE WAY DADDY ACTS, YOU'D THINK BUILDING A FIRE WAS A WOMAN'S JOB!

Brandon Farmers To Erect Streamlined Self-Feeder Barns

Probably First Of Kind In Canada To Handle Cattle With Minimum Labor

BRANDON, Man.—What are probably the first all self-feeder barns in Canada are to be erected by P. G. Marsden and A. M. Macpherson, resident farmers in the Assiniboine valley west of this city. Plans for the erection of the streamlined buildings for the handling of cattle with a minimum of labor have been drawn up after much research work. Construction of the buildings will be undertaken early this year.

The buildings will be each 60 feet long, 40 feet wide and 24 feet high. A large mow built in the shape of a giant hopper will supply cut fodder to a large cement manger, running the full length of the building. A 20x40 utility area is provided at one end of the barn and will be separated by a light partition. This will be used either as a milking room or as pens for special stock requiring additional care from those in the open pens.

The entire frame of the structures will be set up with wood laminated rafters made by Dring Brothers of Boissevain.

Ground grain will be supplied from a hopper in the centre of the barn to which is attached an electric crusher, automatic waterers, electrically heated, will keep a constant supply of fresh water before the cattle at all times.

In the use of loose pens which provide a minimum of at least 50 square feet per animal, it is not necessary to remove any litter from the pens for a period of 200 days which covers the time cattle are housed in this part of the country. Pens will require bedding heavily with clean straw once in every 10 days. At the end of the feeding period the pens are quickly cleaned with a machine

attached to the front end of a farm tractor. It is estimated that 10 minutes per day is all the time that will be required by one man to care for 50 head of livestock.

The handling of cattle, both dairy and beef in loose pens is rapidly gaining favor with farmers over the entire American continent. It is used extensively in the mid-western states and in Alberta.

OUR COMPLETE SHORT STORY

The Matchmakers

By Louis Arthur Cunningham

He Promised He Would Do
His Best To Love Her And
Make Her Love Him.

"BUT I've never seen the girl!" protested Tad Berkeley to the grizzled old giant who was the author of his days. "Anyways, how do you know she'll want me?"

Tad, as he soon found out, was treading hard on Big Bill Berkeley's temperamental corns.

"Don't be a young fool!" exploded Big Bill. "Tom Raleigh an' me decided your fate and his daughter's before either of you saw the light; before we were even married, in fact. It was one day when we'd struck it rich. Tom says, 'When you have a son an' me a daughter or vice versa, Bill, we'll make them marry, since I'm certain neither could do better.' We shook hands on it right out there in the foothills—we've stuck to our bargain. But you don't get yours and she doesn't get hers unless Tom and me, see you, spilled before we go; and maybe . . . yes, sure . . . a little kiddie belong to you. You're going to Los Angeles tomorrow. You're to meet Tom's Constance at a place called Purple Mountain, where Tom has a home. I'll give you a month."

The old man's sincerity weighed more with Tad than bluster or threat of disinheritance could have done. He looked resigned. "I'll go and meet her, anyway, and I promise you I'll do my best to love her and make her love me. What does she look like?"

"She sent you a picture. But don't judge by looks."

"Lord have mercy!" Tad recoiled from the intellectual visage, the tortoise-shell glasses in the photo of a truly formidable young lady.

Nevertheless, Tad went to Purple Mountain. He found the great house deserted by all except its master, Tom Raleigh, Big Bill's partner.

"She's gone!" said old Tom disgustedly. "Rebelle! Said she wasn't going to be stampeded into a marriage with any man. She's around Los Angeles with a hell-arin' Bolshevik woman called Kate Marquis."

Relieved, Tad offered to look for the truant. He might be able to increase her antagonism.

Tom Raleigh agreed. "Know what she looks like?" he demanded.

"Yes, oh yes! I have studied her picture till I could recognize her if I was blindfolded in the catacombs." Tad cruised the suburbs looking enthusiastically on a girl with an equal-rights-for-women cast of countenance.

He found her at last in a tearoom that her father had mentioned, drinking tea in a disipated way with several other girls and holding forth on the world's problems. The place seemed a sort of intellectual stamping ground.

Tad, whose hunger was not great, watched Tom behind a chocolate éclair and trembled like the dove who spies the hawk which may discover and fascinate him.

There was a dainty bit of bluff who Tom and settled on a bench near Tad's. She, too, was watching the Raleigh girl as though trying to attract her attention. She had the darling blue eyes and the kind of hair that best accompanies them. She smiled prettily.

"Excuse my boldness," said Tad, "but would you mind telling me if that young lady over there is or is not Miss Constance Raleigh?"

"Why, why . . . no . . . I mean yes, of course. Why do you ask?" Tad had to unburden himself to someone. A smile came over his face. "You must meet her, anyway. I don't love her; she doesn't want me, and two fond papas are doomed to a disappointed old age."

"You must meet her, anyway," said the sympathetic little thing. "You must take her home. Too much tea is bad for her."

Constance, when Tad was present, said she had finished his tale a dissertation on shotgun matrimony. Tad dragged her to a taxi.

Old Tom was on the steps when they reached Purple Mountain.

"Here she is, sir," remarked Tad brightly.

"What is . . . where did you find that social agitator?" demanded old Tom. "Where is my daughter, Katy Marquis? You made her run away."

The lady Bolshevik had not said a word during her trip out with Tad; now she laughed.

"You're an old tyrant, Comrade Raleigh; but I think she's coming back to you. There's her car now."

A roadster, all-up with beads and out stepped . . . who? . . . blue eyes and golden hair and all the appropriate rest. "I'm back, dad. Won't you introduce me to . . . to . . . my . . ."

"She looked at Tad with an eye that would have fowled him over if it had not done so half an hour ago."

"I knew I'd bring you around, Connie. Are you ready to obey me? You owe Tad an apology and how did he get hold of Katy?"

"Oh, I'll fix it up with . . . with Tad," smiled the rebel.

"Thanks for your photo, Katy. I'll give him a real living one now."

Big Bill and old Tom, still fancy themselves as matchmakers and look upon little Thomas William Berkeley, their grandson, as though they and only they were responsible for his existence.

(Copyright Western Newspaper Syndicate)

In old times the servant of the wine cellar was called the "bottler"; from this comes the word "butler".

Unwritten Leafs

The action photo above shows Goalie Harold Smith of the English team on the ice as Canada's Leithridge Leafs turn on the heat in the world tourney at Earle. They scored on the play. The Leafs won this game 7-1 and kept the championship for Canada with goals to spare. They were unbeaten.

New Notre Dame College At
Nelson On Co-operation BasisStudents Study On Homemade Desks
And Perform All Non-Teaching Tasks

NELSON, B.C.—An "education co-op" is how Principal A. L. Cartier describes Notre Dame College since its opening here last fall.

Studies take place around homemade desks and tables and the students perform all the non-teaching tasks.

"The atmosphere is very informal and a great deal of the initiative for study comes from the students themselves," Mr. Cartier says.

The five boarders pay \$30 a month for board and room and Nelson students pay \$6 a month tuition fees. A student who can't pay does a bit

of extra work to help meet operating costs.

The curriculum this year is limited to first year arts or senior matriculation. By next fall, it is hoped students may be able to obtain recognized credits in second and third year arts.

Mr. Cartier says the aim of the school is to make college education available to everyone, young or old, in B.C.'s interior, whether or not the student can afford the usual costs of such education.

"There is no need for an arts education to be expensive because acquisition of the liberal arts demands nothing more than a serious exercise of the mind upon the great human problems," he says.

"All that students need are books, a place to work and teachers to guide them. An extensive plant is nice but irrelevant to a good arts education."

Mr. Cartier received his bachelor of arts and masters degrees from the University of Toronto. He did post-graduate work at Laval University in Quebec and at the University of Montreal. Later he taught in elementary and high schools, the University of Alberta and at Notre Dame College, Gravelbourg, Sask.

All Sorts Of
Records Broken
At Calgary Sale

CALGARY.—Records of all sorts tumbled at the Calgary spring bull sale. It was reported the most successful in its 51 years of operation.

A total of 710 animals brought \$707,526 for an average of \$5.123 a head. Counting the \$24,264 of fat stock and baby beef sold earlier, a grand total of \$821,919 changed hands.

Last year, 1,162 animals, 452 more than this year, sold for \$169,410 less than this year's sale total.

Sale of 123 Shorthorns brought \$109,800 or an average of \$825 an animal, a record.

The highest price ever paid for a Canadian Hereford bull sold in Canada was realized as the reserve grand champion, Leone's D14D, consigned by C. H. McDougall of Champion, brought \$8,200 from Austin C. Taylor, of Vancouver. Previous high for the Calgary sale was set in 1946 at the \$4,000 mark.

A total of 507 Herefords sold for \$620,275 or an average of \$1,223, another record.

The average of \$963 per animal in the Aberdeen Angus class also set a record.

HEMORRHOIDS

2 Special Remedies

by the makers of Mecca Ointment
Mecca Plus Remedy No. 1 is for Protruding Hemorrhoids. Mecca Plus Remedy No. 2 is for Internal Hemorrhoids. Add in jar, and is for external use only. Price 76c. Order by number from your Druggist.

Beards Sprout Fast
At Powell River

VANCOUVER.—Beards are beginning to sprout in Powell River district as the more hirsute men vigorously announce their entry into the whisker-growing contest for the Ellis Sulphur Gulch celebration in May.

Cash prizes are offered for the best growths and as the "awful first week" of the effort has passed participants are breathing easier. The first few days they just looked grubby.

Mr. Cartier says the aim of the school is to make college education available to everyone, young or old, in B.C.'s interior, whether or not the student can afford the usual costs of such education.

"There is no need for an arts education to be expensive because acquisition of the liberal arts demands nothing more than a serious exercise of the mind upon the great human problems," he says.

"All that students need are books, a place to work and teachers to guide them. An extensive plant is nice but irrelevant to a good arts education."

Mr. Cartier received his bachelor of arts and masters degrees from the University of Toronto. He did post-graduate work at Laval University in Quebec and at the University of Montreal. Later he taught in elementary and high schools, the University of Alberta and at Notre Dame College, Gravelbourg, Sask.

WESTERN BRIEFS

EDMONTON.—An increase of about 20 per cent, in all tuition fees at the University of Alberta was announced by President Andrew Stewart.

The increase is a result of a board of governor's decision, and takes effect immediately. Summer sessions fees will be raised along with those for the 1961-62 term.

Want Flat Rate
WINNIPEG.—The Manitoba Motor League has recommended a flat \$10 license fee for passenger vehicles.

Present rates, ranging from \$5 to \$24, are out of line with those in most of the other provinces, the league said in a brief to Premier Douglas Campbell.

Bags Six Timber Wolves
ROCKY MOUNTAIN HOUSE, Alta.—Ray Mustard collected bounties on six big timber wolves he shot on his trap line on the Ram river.

He encountered a pack of 20 which had killed a cow moose and bagged six of them before they fled.

Vital Part Missing
VANCOUVER.—Freddie Hare, a car went off the road in lay rules and into the ditch. He managed to force the car back on the highway and was starting to roll when the car stopped. Investigation showed the gas tank was still in the ditch.

Growers Lost Money
VICTORIA.—The 90 daffodil growers on southern Vancouver Island lost thousands of dollars because the daffs did not bloom in time for shipment to eastern Canada for Easter.

The daffodil crop is normally worth \$300,000. Last year the growers lost about \$100,000 because of unusually cold weather in March.

It's the same story again this year—plus an early Easter. 2927

Here's Speedy Relief For
Tender, Aching,
Burning Feet

Your feet may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture. You'd give anything to get relief!

Two or three applications of the Emerald Oil and in a few minutes the pain and soreness disappear.

No matter how discouraged you have been, if you have not tried Emerald Oil then you have something to learn. Get a bottle today wherever drugs are sold.

Baking's Easier, Speedier
with Wonderful New Fast Rising Dry Yeast!

CINNAMON BUNS
Measure into large bowl, 1 c. lukewarm water, 2 tps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 envelopes Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 min. THEN stir well. Soak 1 c. milk and stir in 1/2 c. granulated sugar, 1/4 tsp. salt, 1/2 tsp. shortening; add to yeast mixture. Stir in 3 well-beaten eggs. Stir in 3 c. once-sifted bread flour; beat until smooth. Work in 1/2 more once-sifted bread flour. Knead until smooth and elastic; place in greased bowl; brush top with melted butter or shortening. Cover and set in warm place, free from drafts. Let rise until doubled in bulk. When dough is elastic, divide in 3 tps. ground cinnamon, 1 c. washed and dried seedless raisins. Pump dough down and divide into 2 equal portions; form into smooth balls. Roll each piece into an oblong 1/2" thick and 18" long; loosen dough. Brush with melted butter or shortening. Sprinkle with raisin mixture. Beginning at a long edge, roll up each piece loosely like a jelly-roll. Cut into 17 slices. Place just touching each other, a cake-side up, in greased 17 round layer-cake pans or other shallow pans. Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°-375° minutes. Serve hot, or reheated.

No more taking chances with perishable yeast cakes that have lost their leavening power! New Fleischmann's Fast Dry Yeast keeps full strength and active right till the moment you use it. Needs NO refrigeration—keeps safely in your cupboard. Try its marvelous results in your next baking.
